Welcome Back

Kudos to Brian for a fantastic Bull and Shrimp Feast for our May Meeting/Social Event. It was a great time of fellowship, food and fun. I know my wife and I had a great time and I'm sure everyone else in attendance did as well. Yes, we will be doing it again next May.

Reprocessing: To make something that is normally for one time use, reusable. This is a term we hear used in hospital central supply departments. This term also applies to our BMETS organization. In fact we reprocessed Victor to the point of being totally spent. I would like to thank Victor for his tireless effort over the past three years as the organization's President. Under Victor's leadership BMETS has grown to enjoy it's largest membership in the history of the organization. Great job Victor! I'm not going to try to top that, I can only hope to maintain the momentum.

I would also like to thank Richard for his work as Treasurer, and, at one point both Treasurer and Secretary. Again this was another example of reprocessing to the limit.

While we are thanking people, I would be remiss if I didn't mention Brian and Kevin. I appreciate them staying on as officers. Brian has done a great job as Vice-President putting together the monthly meetings and especially the end of year Feast. Brian is being reprocessed for his third and final term. Kevin is doing a great job with this newsletter, with his biggest challenge ahead: my articles. Also, he is responsible for keeping track of the membership roster and, hopefully, doing a directory this year.

Finally, with regard to reprocessing, BMETS has gone to the limit in bringing back two previous officers, Sylvester and myself, thanks Vester for stepping up. We just ask that you don't use us up.

Remember to renew your membership; our first meeting is in September. BE THERE!

Wayne

## *A NEW YEAR OF BMETS*

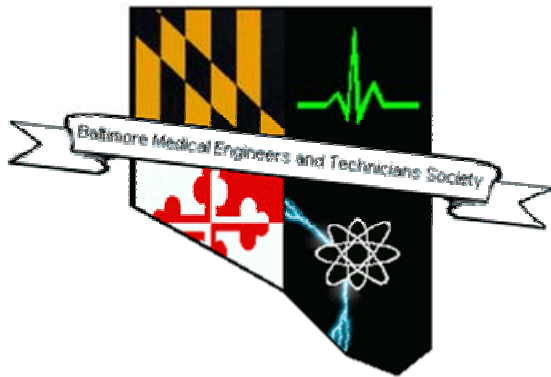

Another year is beginning. We, the officers of the BMETS encourage you to spread the word to coworkers and business acquaintances to join the BMETS group. Each month we invite special sponsors to share their ideas, technology and expertise with us. There are many benefits to being a BMETS member. The monthly sessions are not only informative, you have a chance to connect with others who are in your "line of work". Gain valuable information to help you in your current job, future job opportunity or potential career move.

Enclosed is the 2005-2006 Membership Application. Fill out the application and pop it in the mail to Sylvester Knox our Treasurer (address on form). You may photocopy the application and hand it out to co-workers or other business acquaintances who may be interested in joining. All members who send in their applications with payment before October 1st will receive a \$5.00 discount. All applicants who join after the October 1st deadline will need to pay \$45.00. If your dues are not received by November 1 your name will be taken off the membership list. If you attend the November meeting and your name is not on the sign in list you will have to pay your membership dues before entering the meeting.

Beginning this year, there will be **NO CORPORATE MEMBERSHIP FORM**. All members will need to complete a form for each person joining. If your company reimburses your dues, PLEASE make sure that all membership forms are filled out completely and that the correct amount is enclosed with the form(s). You may request a receipt from the Treasurer.

As Wayne said, lets continue the BMETS momentum. Thanks and see you on September 21st.
