THE PRESIDENT'S PIECE

I would thank the membership for their great support last year and again for electing me to a second term. It is an honor and privilege to serve and I hope we can do as well in the making your BMETS a success. I was excited with the great turnout we had for the curse and hopefully we can do one this year.

One of my goals is to continue to advertise our profession in the High Schools as our future lies with getting new members and new technicians to replace those of us that will be retiring. We also need BMETS in this area and must be able to recruit from the local area to make it cost effective to get new people.

Looking forward to a new year, thanks again

Rob Bain President.
CBET, President, BMETS

THE VICE PRESIDENT'S QUILL

Here we are once again September the start of another great year of vendors, opportunities and best of all Networking with our fellow B.M.E.T.S. As the Chairman of the Membership committee it is my duty to remind all of you that dues are coming up for renewal. The cost of the membership has not changed, but we have added some additional benefits for those serving our country in the Military. Active duty, Reserved, National Guard if your serving your membership is free. The California Society announced this summer that they were offering "Free Memberships" to active duty and Reserves and National Guard. So, afar careful discussion with the Membership committee it was agreed upon unanimously.

Ok, now on to the good stuff, September's meeting – thank you Brian Z – will be Fluke Biomedical featuring some Radiology information and demonstration of a new Defibrillator Analyzer – actual New model. Paul Foagel will be our sponsor for the evening. Disappointedly, I will be away in Cary, NC getting training on a new magnet. But, I will be there in spirit. October is all lined up – it is all hush hush.

Chris Jones, Sr.

I would like the members to know that I am also a Board Member of META – the Medical Equipment and Technology Association. If the membership feels that holding these two different positions are a conflict of interest towards B.M.E.T.S. they I will resign my post as a Board Member of META. My loyalty is the

Baltimore Medical Engineers and Technicians Society. Well, the President and the other officers can discuss this an other issues that have come across our desk.

That is all from the Vice President.

Best regards;

Christopher L. Jones, Sr. MCP CPACS Assoc.
Vice President

Daniel Cavanaugh

I would like to challenge the membership to participate more deeply in the ongoing activities outside of regular meetings. When I say participate, I am referring to volunteering to be part of the various Subcommittees, attending special projects that occur during the year and convincing your coworkers to join and attend the regular meetings. By including members from the vast spread of Biomed branches out there, we can ultimately improve the position, importance, and influence of the Biomed Position throughout the Healthcare Industry.

BIOMED TREASURER MONEY MATTERS

Our Society has a very good reputation, not only locally, but also nationally. This Society is truly "ours". All the membership has a voice in the growth and expansion that we obtain.

Welcome to the 2007 - 2008 BMETS Year. Hope to see you at the meetings!!!

Daniel Cavanaugh
Treasurer
B.M.E.T.S.

Roy Leake

As your Secretary, I am looking forward to heading up our Newsletter Committee. But first, I will need some volunteers! If you are interested in joining the Newsletter Committee, or if you just have comments or information you think should be in/out of the newsletter, please feel free to email me at secretary@bmets.org using the subject line "Newsletter". I would greatly appreciate your

feedback on our Newsletter!

I am also the Webmaster, Have you checked the webpage lately? It is located at <https://www.BMETS.org> I have not made a lot of sudden changes to the webpage, the changes have been gradual in an attempt to make it more user friendly.

THE SECRETARY'S SPIEL

I am looking forward to the next year serving as Secretary. I always enjoy talking to the membership about ways of improving BMETS, the newsletter, the webpage, etc.....

Membership registration for the 2007-2008 year is starting in September. Active military and Biomed Students attending school have free registration, the rest of us pay \$45.00. Bring your checkbook to the next meeting and sign up for another year.

Roy Leake, CBET
BMETS Secretary
